Education

De La Salle University | Bachelor of Science in Information Technology | 2022 – 2026

- **GPA:** 3.66 / 94.9%
- **Relevant Coursework:** Backend Development, Database Management, Web Application Development, Object-Oriented Programming, Software Engineering

Experience

Nexus Lab

Full-Stack and Back-end Developer Intern

January 2026 – April 2026

- Spearheaded the redesign and development of the Nexus Lab website, improving user experience, interface design, and overall accessibility.
- Designed MongoDB database structures, optimized queries, and improved data handling performance.
- Developed backend services and REST APIs using Node.js and Express.js to support web application features.
- Implemented JWT authentication, role-based authorization, validation, and API security practices.
- Collaborated with frontend developers to deliver production-ready features.

Project

E-Commerce Platform Development – Full Stack Developer

- Developed a full-stack e-commerce platform with product management, custom ordering, cart, and order tracking features.
- Built robust backend APIs for product, order, and user management utilizing Node.js, Express.js, and MongoDB.
- Integrated third-party services including PayMongo for secure payment processing and Cloudinary for efficient media management.

Nexus Lab Revamp Website – Full Stack Developer

- Improved website structure, performance, and maintainability through modern web development practices and reusable components.
- Collaborated with team members to analyze requirements, implement improvements, and deliver a production-ready website.

My Property Buddy – Back-End Developer

- Enhanced system reliability by identifying and documenting over 50 functional bugs through comprehensive manual and regression testing activities.
- Implemented white-label features and customization updates based on client requirements and branding needs.
- Performed regression testing and validation of implemented fixes to ensure system reliability and maintain functionality.

Skills

Technical: JavaScript, TypeScript, HTML/CSS, React.js, Node.js, Express.js, MongoDB, NoSQL, Git/GitHub, REST APIs, Cloudinary

Certifications

HubSpot Academy: SEO Certified (Valid: Mar 10, 2026 - Apr 9, 2027) | Code: a14ad003f8894cf79fa9296d7f717d

Partner: PCAP - Programming Essentials in Python

Google Cloud Fundamentals: Core Infrastructure (Coursera) – January 2026

Proserve Academy Graphic Design Workshop – February 7, 2026

Tesda: Setting Up Computer Servers – March 11, 2022
